

Sherri Morrison, RN, CPHQ, CHCQM, FAIHQ, provides comprehensive risk management services to insureds in MedPro Group's Southwest Division, which serves Texas, Louisiana, and New Mexico. With more than 30 years of nursing and healthcare risk management experience, she will use her wealth of knowledge to provide MedPro Group insureds with progressive solutions to manage their risk.

As a tenured risk management consultant, Sherri has worked for medical professional liability carriers assisting healthcare providers with a wide range of risk management needs across many specialties and settings. Additionally, she has provided risk management services for a large hospital system and a large federally qualified ambulatory healthcare system.

Sherri received an associate of arts degree in nursing from the College of Southern Maryland (formerly Charles County Community College). She also received a bachelor of science degree in

community health education from Texas A&M University. She has multiple certifications in healthcare quality, and she is a Fellow of the American Institute for Healthcare Quality.
