A TRIBUTE

Jonathan K. Bushman, DO

OOA PRESIDENT
2022-2023

Dr. Bushman began his presidential year with a return to the basic tenets of service and community that lie at the heart of this association, leading his colleagues in a renewed commitment to the mission statement to “promote the health and wellbeing of all Oklahomans.” Recognizing the strength inherent in the OOA’s growing and diverse membership, Dr. Bushman encouraged open dialogue that included all members, rural and urban, new and lifelong, fostering a sense of fraternal partnership among them.

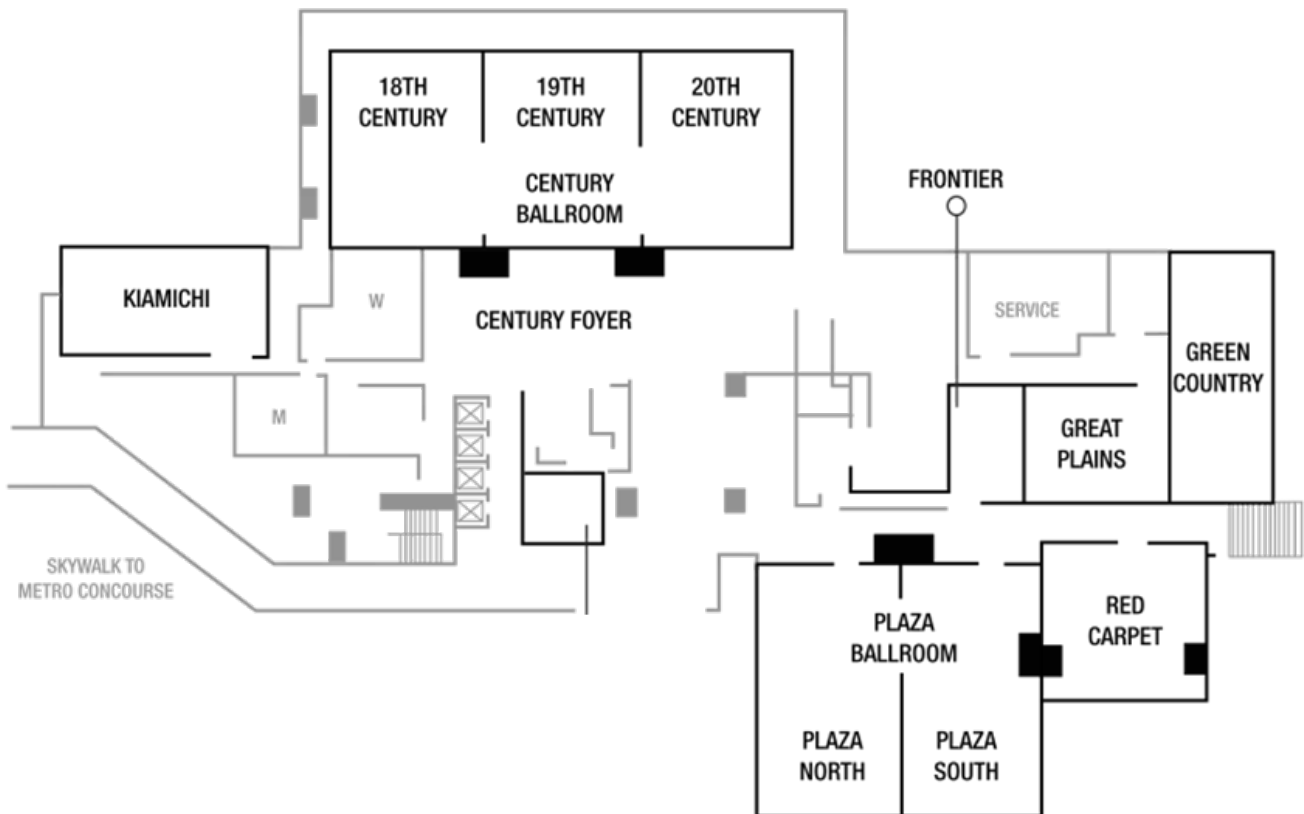

Embracing the ever-changing landscape of post-pandemic challenges within the profession, Dr. Bushman oversaw the creation of the OOA Physician Wellness Taskforce, striving to support the needs of each osteopathic physician through realistic and targeted services and discourse. Dr. Bushman’s epitomization of authentic servant leadership has set an example for future generations of OOA leaders for many years to come.

The Oklahoma Educational Foundation for Osteopathic Medicine was founded in 1967 with the mission of providing support to past, present, and future osteopathic physicians through scholarships and other financial aid. In 1985, the OEFOM Board of Trustees decided to build a safe haven for the osteopathic community located at 4848 N Lincoln Blvd, naming it the Oklahoma Osteopathic Educational Center. Thirty-seven years later, the mission and vision remain the pillars of the OEFOM. However, time has moved on, and the funds have dwindled due to COVID-19 hardship scholarships, building maintenance, multiple student scholarships, stethoscope donations, and other day-to-day necessities.

I am writing to you today to ask for your consideration of a tax-deductible contribution of \$100, \$250, \$500, or \$1,000 or more to the general fund and/or the building maintenance fund. Your contribution, of any amount, to any of the following funds would be greatly appreciated.

PRESIDENTIAL DINNER ENTERTAINMENT

Born In November

OKC's favorite Urban Soul duo is nothing short of a good time. Experience the soul, sound, the life, and love of music, experience Born In November.

Clifton Johnson was born and raised in Oklahoma. He began singing at the age of two and although he dabbled in musical experimentation growing up, most of his achievements were of the academic and athletic nature.

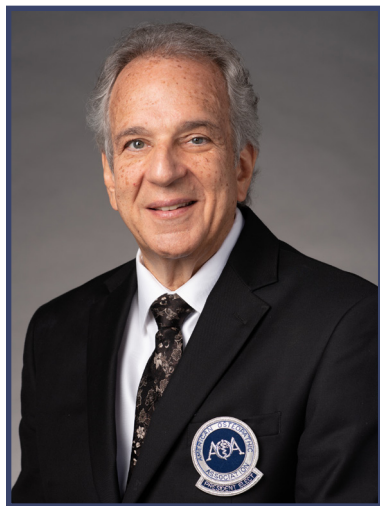

Although Clifton doesn't like to categorize his music, others have referred to it as a fusion of urban and soul. Playing all over the Midwest, and knowing that the rest of the world is just around the corner, Clifton is ready to share his gift of song with larger audiences.

Welcome
