

**Constance G. Honeycutt, DO**, obtained a BS in Medical Technology from Indiana University. She graduated from OSU College of Osteopathic Medicine and Surgery; did a rotating internship at Tulsa Regional Medical Center; and completed a Family Medicine Residency at OU Medical College of Tulsa.

Dr. Honeycutt has practiced Family Medicine/OMM for thirty-one years with sixteen years in the addiction medicine field. She is board certified in Family Medicine,

Neuromusculoskeletal and Osteopathic Manual Medicine, and a subspecialty in Addiction Medicine from the American Board of Preventive Medicine.

From 2007-2016, Dr. Honeycutt was the Medical Director for Mission Treatment Center, methadone treatment center in Tulsa. In 2009, she obtained a DATA 2000 waiver to treat opiate-dependent patients with Suboxone and opened a private practice in Glenpool, Oklahoma. After closing her private practice in 2019, she returned to Mission Treatment Center - now known as Tulsa Comprehensive Treatment Center, treating 500+ opioid dependent patients with methadone and buprenorphine.
