

Blake Parsons, DO, is an Ardmore native and received his doctor of osteopathic medicine degree from the University of North Texas Health Sciences Center in Fort Worth, TX. He completed his residency at the University of Oklahoma Health Sciences Center in Oklahoma City, OK and his fellowship at the Medical College of Wisconsin in Milwaukee, WI. Board certified in interventional radiology, Dr. Parsons has been with CardioVascular Health Clinic since 2017.

In his practice, Dr. Parsons believes there is a strong emphasis on patient education, offering clear explanations of the treatment plan, expected outcome, what patients should expect to experience, and alternate treatments. Not all treatment plans are “one size fits all” and Dr. Parsons works with his patients to find the best treatment plan on an individual basis.
