

Shari Moore, RN, BSN has more than 30 years' experience as a Registered Nurse in healthcare settings, serving in a variety of roles that have provided her the opportunity to gain a unique perspective in identifying and addressing the challenges providers face in their day-to-day practice.

She is currently the Vice-President of Risk Management at PLICO/a MedPro Group Berkshire Hathaway Company with responsibility for the Risk Management services for the southwest division. With patient safety as her focus for over 20 years, she has worked with hospitals, physicians and other professional providers on a local and regional level to provide practical, proactive solutions to improve patient care in both quality and experience.
